Evening Ms. Meehan,

I hope this email finds you well. My name is Meghan Sullivan, and I am writing on behalf of Anju Rijal, an exceptional care taker and individual. My daughter Ellie, now 2.5, has been in Anju and her team's care since she was 1 year of age. Anju and her assistant's are consistent and professional. Anju is an excellent communicator, providing daily updates verbally and in writing. Her home is warm and welcoming, affording children opportunity and space to safely play and learn.

With Anju's social work education background and her innate abilities, children thrive in her care. She, along with her assistants, create a safe and stable environment that scaffolds children to develop socially and cognitively. Ellie has been able to learn valuable play and imaginative skills through structured and unstructured play time, enhance her vocabulary and word processing through singing games and music, as well as develop and maintain good eating and napping habits. In addition, Ellie is able to engage in creative art, as well physical movement and play. As a special educator, I am aware that the programming Anju and her team provides is what has allowed my daughter to continually meet her milestones and continue to grow and develop.

Therefore, it is without hesitation, I endorse Anju Rijal for licensing for her home daycare. Anju and her assistants are always attentive and knowledgeable; they do meaningful work for our children. Please do not hesitate to reach out if you have additional questions or concerns.

Respectfully,  
Meghan Sullivan

Hi Kelly,

Hope you are well. I'm Kat Griffiths and my 20 month old daughter Lucie, attends Anju's house for childcare. I know you and your team are working hard to help her get licensed as soon as possible however, I wanted to provide a testimonial in case it's at all helpful.

Please see below and feel free to give me a call if you have any questions or would like more information.

Thank you,

Kat

*"My 20 month old daughter Lucie attends Anju's house for child care Monday - Friday. We could not be happier with Anju's care. Our daughter has thrived since attending Anju's. She comes home so happy and she's excited at drop off (this was not the case in a previous daycare experience). In fact, all the kids are so happy there - I've seen this first hand at pick up and drop off and have heard this from multiple parents. Anju is highly professional, communicative, and informs my husband and I of everything Lucie did that day and how her mood was verbally and provides a daily paper report card. She sends us pictures every day and takes them outside, colors with the kids, does music time, and so much more. She has such a passion for what she does and she loves Lucie and all the kids so much. It's difficult having to work and drop Lucie off somewhere however, Anju makes us feel so comfortable and at ease. We don't have local family support and Anju is like family to us and we are so grateful we found her."*
